My home boy got life, gettin hard for me to look at em  
Feelin like its my fault, judge threw tha book at em  
His momma call me son, and his sista call me brotha  
We was eighteen gettin it, chevys all colors  
Super far from a sucka, he aint neva tuck his tail  
On the east of Atlanta givin sucka niggas hell  
Get caught go to jail, hour later make bail  
Hit tha trap on tha same chic back to the mail  
Get a rat, weigh her down we was tossin em up  
Any nigga talk slick we was boxin em up  
Shoot dice, talk shit til the sunlight come  
Get bored start shit, boy we so dumb  
We be laughin on the phone bout the thangs we done  
Askin the lord why he lock em down so young  
I shoulda told Cuz chill, he'll prolly be free  
Shoulda set an example cuz he was lookin up to me

[Hook]

Hey i can be ya role model  
Life aint all about the club poppin bottles  
Before you lead, gotta learn how to follow  
I can be ya role model  
Forget tha trap, all tha 9's an tha choppas  
Insted of gangstas we could use some more doctas  
I can be ya role model  
Fuck bush or whateva you wan call em  
And Iraq we need to fix our own problems  
I can be ya role model  
I know you grown, you can do what chu wanna  
but a man is a father to his daughter  
I can be ya role model

[Hook]

Verse 2

My sister did two years in the feds, had a baby before  
she left  
niece and my nephew, swear i love em to death  
Momma raise a good nigga, I aint have a father figure  
Only niggas i knew was rappers an drug dealers  
pretty good at tha rappin damn good at tha trappin  
So picture how I woulda if my daddy was a actor,  
doctor, lawyer a teacher, a judge

Proly never seen the trap probably neva touch the  
drugs  
I be in tha strip club throwin money like its nothin  
I should try an start a business an invest it into  
somethin  
I be callin brothas niggas, i be callin sistas bitches  
Sometimes i sit think,like what the fuck wrong wit me

Smokin an drinkin liquor to destroy my mind  
Need to get back to school and try to clear my mind  
Live right, get a job, or some kinda degree  
Set examples for kids lookin up to me

Verse 3  
I talk bout sellin drugs cuz thats what ive done  
Talk about bitches an hoes cuz i know some  
I aint talkin to all women but a bitch is a bitch  
If ya call yourself a woman you aint offened by this  
Grown man havin babies, spendin money on weed  
Knowin god damn well he got mouths to feed  
See i call that a nigga, thats some ignorant shit  
45 in tha club cuz he scared to commit  
Got the nerve to say pimpin, time to give that up  
Theres somebody always lookin tryin to be like us  
An these young black men mimickin rap songs  
While the niggas in that rap neva live that song  
Neva seen that jail, neva walked that line  
He went an told on somebody he was scared of tha  
time  
Live right be a man, i call that G  
Set examples for niggas tryn be like me
