Thereza Bazar / David Van Day)

Ive been giving you all of my time  
But I can't get enough of your love  
Your invitation is clearly defined  
But I can't get enough of your love

You wind me up then let me down  
Say that you don't care  
I close my eyes walk away  
But I know you're still there

Chorus

Tell me why your face wont fit the frame  
Its not a guessing game  
If you know then let your feelings show  
Its not a guessing game guessing game

I can see that Im turning you on  
But you wont take a chance with my love  
So do you think what you're doing is wrong  
Wont you take a chance with my love

You wind me up then let me down  
Say that you don't care  
I close my eyes walk away  
But I know you're still there

Repeat chorus twice

Tell me why your face wont fit the frame  
Its not a guessing game  
If you know then let your feelings show  
Its not a guessing game  
Repeat to fade
