Trevor Horn / Bruce Woolley)

On a ticket Tokyo return
Colour evening palaces that burn
Some expression leading to the sky
They will wait until you learn to fly

Chorus

Hand held in black and white
Into the northern light
Fly like a silver wing higher
Catching the southern wind
Gliding and other things
Fly like a silver wing higher

Inner visions written on the wall
In graffiti winner takes it all
Take a chance and put your money down
We will race you high above the ground

Repeat chorus

Inner visions written on the wall
In graffiti winner takes it all
Take a chance and put your money down
We will race you high above the ground

Repeat chorus to fade
