It's only confusion when your dreams hit the floor

you make your decision

but you can't hide when your heart loves.

This is my confession

you always make me do what I don't want to.

Now I've learnt my lesson

I don't know what to do thinking about you.

You can't run or hide from the tears inside

no matter what you say

it's only nature's way.

And sometimes in your life it's such a lonely climb

and no one takes the blame

it's only nature's way.

It's nature's way

nature's way

nature's way

it's no problem

no problem

don't bother me.

It's thunder and lightning with every beat of your heart

you may wish it were over

but we both knew right from the start:

This is my confession

you always make me do what I don't want to.

Now I've learnt my lesson

I don't know what to do thinking about you.

You can't run or hide from the tears inside

no matter what you say

it's only nature's way.

And sometimes in your life it's such a lonely climb

and no one takes the blame

it's only nature's way.

It's nature's way

nature's way

nature's way

it's no problem

no problem

it's nature's way.

What is the future ? - Jamas entiendo -.

What is the point of making any plans when you're
never here.

- Porque siempre

siempre -.

You always build my hopes and dreams. - Jamas
entiendo -.

Life with you is never what it seems.

You can't run or hide from the tears inside

no matter what you say

it's only nature's way.

And sometimes in your life it's such a lonely climb

and no one takes the blame

it's only nature's way.

It's nature's way

nature's way

nature's way

it's no problem

no problem

it's nature's way.
