And we're dancing to the beat of the drums, baby  
dancing in the morning sun, baby  
Like the moon we are up all night,  
pretending everything's alright,  
heaven knows we're like fire and light, baby

You hold me like I won't run away, baby  
I can't give you a promise I'll stay, baby  
When you tell me I don't really care  
and how are dreams are so unfair,  
girl I taken more than I can bear.  
I know I love you, I'll tell you know cus

Love don't bother me, don't bother me  
No, love don't bother me, love don't bother, don't  
bother me,  
don't bother me, ahhh, love don't bother me, don't  
bother me,  
don't bother me at all.

In a while I'm gonna leave you alone  
you say time will kill the pain when I'm gone, baby  
From the moment I woke up at dawn  
hoping for some miracul cure  
You say boy, would less you give me a show,  
this thing's for ever, its now or never

Love don't bother me, don't bother me  
No, love don't bother me, love don't bother, don't  
bother me,  
go around love don't bother me, love don't bother me,  
don't bother me  
don't bother me at all

And we're dancing to the beat of the drums, baby  
dancing in the morning sun  
And I faughten with my worried man  
there's a moment when you cross that line  
Is it love, gotta fill this town,  
nothing's forever its now or never

Love don't bother me, don't bother me

No, love don't bother me, love don't bother, don't  
bother me,  
ohh love don't bother me, don't bother me, don't  
bother me at all  
ohhoh, love don't bother me, don't bother me, don't  
bother me,  
ahh, love don't bother me, don't bother me.... liiiHaa!
