Hey come inside
Hideaway
You can leave your head behind
Close the door
Throw away
All the things you keep inside

What you want
What you say
We can make you feel so fine
You can run
But you can't hide
Come on take a look inside

I wanna walk feeling tall With the world behind me I wanna live in a world Where they'll never find me

Hey come inside Come and play We can even change your mind Make it stop Make it late We can make you burn inside

I wanna walk feeling tall With the world behind me I wanna live in this world I wanna walk feeling tall With the world behind me

I wanna live in a world Where they'll never find me

"I want you we'll get high Won't you join us I want you we'll get high Want you by our side"

Hey come inside

Hideaway You can leave your head behind Close the door Throw away All the things you keep inside

What you want
What you say
We can make you feel so fine
So come inside
Come to me
We can make you feel so safe
Hey come inside
Hideaway
You can leave your head behind
You can try
To be sane
Live an ordinary life

"I want you we'll get high... Medication time..."
