[Lakim]

Yo, peace Tashiem

[Tashiem]

Peace Lakim

[Lakim]

Yo, what's the science, my brother?

[Tashiem]

Yo, these brothers gotta start puttin their wisdom in
action

to show and prove that they are brothers in action

[Lakim]

Yo, let's show and prove it to em

[Tashiem]

Peace Lord, all applaud, the Almighty's in action

Flauntin the gift by rippin a style that's fashioned

Strong in my spot, lyrics locked like a bolt

Extensions, sentences season the mic like salt

(?) flavor, hungry cause I crave a

Beat to feast on, so Lakim gave a

Opportunity for you to see a God-given gift

My knowledge of self, so I have to uplift

The weak and blind, teach the people of my kind

The truth is light and only sunlight shines

Rays and radiation illuminate a nation

I Self Lord Master, here for generations

Because of the lifeforce, a source of power

Knowledge is facts, wisdom's a shower

Of words spoken wisely showin understandin

Too many people are blind, so the god put a hand in

Our project with dope styles that are complex

Lak's next to flex on this type of text

(?) cast a hex, I mark the spot x

Lay low and flow as I go I just flex

(?) a fraction, my people are askin

For guidance, I'm ridin not slidin, my traction

Is grippin, not slippin, my rhyme style's rippin

And I'm a brother in action

[Lakim]

See, I belong to the righteous and I'm in action

Observe me, I'm packin
Deadly poems is what I hit you with
Affecting those who oppose like (?)
My mind's the (?), body's the Asia
I got 120 ways to righteously raise ya
I stand in a square of four equivalent, size equalin 90
Add em up, what did you find, bee?
Not a lame brain lad (?) dixie
But a cipher of complete 360
Usin 23 million miles of useful land
To show and prove I'm the original man
Tricknowldgy's a game the devil plays
He fooled us before, but no, not nowadays
Columbus discovered the poor part of the planet Earth
He didn't care, he preserved the best part for himself
To build and add on, don't try and play dumb
I'm also the brother that'll take life away from
You and whoever should never
Mess around with Islam, you're not that clever
Cause that ain't (?) begin again
From the beginning to the ending
I'm hyper than a halucinogen
So observe me, knowledge the traction
See, I'm a righteous brother who's in action

[Lakim]

Tashiem, my brother
This is the knowledge born born cipher, yeah
and far as I can see
Allah's nation is definitely puttin that wisdom in motion
and action
cause we got the magnetic attraction
and we are definitely in effect
My name is Lakim Shabazz Allah
sendin peace to all the gods and earths in the whole
entire universe
uknowmsayin?
cause we definitely puttin that wisdom in motion
and we outta here, peace

[Tashiem]

Peace, this is the Almighty Tashiem Allah
sendin a shout-out to all the gods in the universe
and to the CDP Posse
and we outta here

[Lakim]

Peace

[Tashiem]

Peace

[repeated]
