You look so good you could be in the movies
Maybe a centerfold in playgirl
Breathe in my ear, you know you move me
And when we kiss my toes curl

I-I-I-would follow you
A-A-nywhere, but when I turn
'Rou-ou-ound, I find you're not there

I shut my eyes and fall asleep, you're with me
We fit together like an egg and spoon
You whisper that you're never gonna leave me
But when I wake up, no-one's in the room

Sh-Sh-Sh-Sh-Sh-Sh-Shake me up baby
T-T-T-T-T-T-T-Turn me around
Should I reach a conclusion
That love's an illusion, an illusion

Why-yhy-yhy - won't you be my guy
Why-yhy-yhy - are you a phantom man
Why-yhy-yhy - won't you be my guy

You're everything I'd ever want in one boy
I wanna tell the world you're mine all mine
Are you true love, or just a decoy
This thing could 'cause a girl to loose her mind

Sh-Sh-Sh-Sh-Sh-Sh-Sh-Shadow dance baby
L-L-L-L-L-L-L-Like the will o' the wisp
Are you real or a ruse, and is love an illusion
An illusion

Why-yhy-yhy - won't you be my guy
Why-yhy-yhy - are you a phantom man
Why-yhy-yhy - won't you be my guy

Are you a trick of the eye
Just a trick of the eye
Are you a trick of the eye
Just a trick of the eye

Are you only a dream
Are you not what you seem
You look too good for a dream
You kiss too good for a dream

A-A-Trick of the eye
A-A-Trick of the eye
A-A-Trick of the eye
A-A

Are you only a dream
Are you not what you seem
You look too good for a dream
You kiss too good for a dream

A-A-Trick of the eye
A-A-Trick of the eye
A-A-Trick of the eye
A-A

Are you only a dream
Are you not what you seem
You look too good for a dream
You kiss too good for a dream
