10-4 over and out

The way we talk sometimes you'd think our love is filled
with doubt

But when we're all alone by the fireside of our home

The angry words we spoke that day have forever gone
away

Then it's love we talk about to the world outside we say
10-4 over and out

Hello this is Unit 2 callin' Unit 1 this is Unit 2 tryin' Unit 1

Do you read me Unit 1 do you read me

(Yeah I read you Unit 2 I sure can read you just like a
book is all

And I know what you called for I know what you're
gonna say

I'm gonna be a little bit late

Well I know you're a little bit late's are usually two or
three or four

Or sometimes even more hours long

And I am sick and tired of) 10-4 over and out

10-4 over and out...

This is Unit 1 callin' Unit 2 do you read me Unit 2 you
better answer me Unit 2

I'm gettin' sick of foolin' around with this CB radio

I'm gonna cram this thing down your throat

(I read you mhm do I golly I read you Unit 1 loud and
clear

But seems like there's a little turbulence on the line

Honey I'm sorry that I'm runnin' so late but I stopped off
here

To see this friend of mine who's been awfully awfully
sick

And when I got back to the car you know this radio had
run my battery down

I know it's hard for you to believe)

Oh I believe you I really do believe you ole CB and you

10-4 over and out

10-4 over and out...

10-4 baby I'm gonna have to be clear with you I'm
always movin' on
Oh you've never been clear in your life you was born
I'm gonna get rid of this radio it's gonna get me killed I
tell you
I'm gonna have to get rid of that radio just as soon as
we get home
Everybody in the country knows what we're talkin' about
too
They listen in on us I know I know
