Well the two new people that's moved to the middle of  
the block

And we're at the top of the town and don't you think  
we're not

Well we found love and happiness people envy us you  
see

For we found heaven right here on earth at 4-0-33

Yes we found what most people are looking for  
And it's not a lotta money to spend on real fine car  
But it's so when and where a bird flies and sings so  
free

And there's whole lotta winds in this little house at 4-0-  
33

Four thousandth block proves what true love can do  
Once a lonely place but was sold to me and you

Oh all around the house you can see little children play  
But they're not as a people's kids were proud to say  
They are the symbol of our love for all the world to see  
They're a part of heaven right here on earth at 4-0-33

[ steel ]

Our love's on the day you can see many people drive  
by

For look at the house they think there from the sky  
They think this place would make them as happy as you  
and me

And the whole town's tryin' to buy our house at 4-0-33

Four thousandth block proves...

And we're not gonna sale our happy little house at 4-0-  
33

Wouldn't take a pretty thing for the love we had at 4-0-  
33
