Now I've never stepped
Through the doors of a bar room
Or tasted the flavour-our o-of wi-i-i-ine
And I've never danced
To the songs on a duke box
Or held someone that wasn't mi-ine

But there's always a first time
And if you don't change
Then I guess the first ti-ime
Can be arranged
Can be arranged

Now I've never dressed
For the eyes of a stranger
To sew seeds of lust in hi-is mi-i-ind
And I've never walked
Down that road of temptation
To leave dirty footprints be-ehind

But there's always a first time
And if you don't change
Then I think the first ti-ime
Can be arranged
Can be arranged
Can be arranged...
