A hint of autumn was in the air
Grass was turning a soft shade of brown
Petals was falling from withering flowers
And their leaves were flowing around.

There beneath the sweet magnolia
In each others arm we lay hidden away
Our needs grew stronger, our hearts grew closer
Autumn winds blew and the magnolia swayed.

Chorus:
Beneath the sweet mognolia tree
We've found love we knew it was for keeps
We made lovein' sweet memories
Beneath the sweet magnolia tree.

Through the years we live our lives over
The time and place has started for us
There beneath the sweet magnolia
That long little autumn when we fell in love.

Chorus:
Beneath the sweet mognolia tree
We've found love we knew it was for keeps
We made lovein' sweet memories
Beneath the sweet magnolia tree.

We made love in sweet memories
Beneath the sweet magnolia tree...
