(Dolly Parton)

Bobby's arms, they are warm when he holds me
Bobby's arms always comfort and console me
When I'm in his arms held tight
I know everything's alright
Just as long as I'm inside bobby's arms
Chorus:

Bobby's arms always welcome me inside
Bobby's arms always hold me when I cry
Bobby's arms are my shelter from life's storms

And I feel so safe in Bobby's arms

Bobby's arms, they are strong but they're tender
Bobby's arms reach for me and I surrender
When he reaches out for me, I'm never out of reach
And I always want to be in Bobby's arms

Repeat Chorus
