(Dolly Parton)

In my mind I've made love to you often
But only in my mind can it be so
'Cause there's someone at home that's countin' on me
And if I did, I'm sure that he would know
Yes, he would know, yes, he could tell
For, he has loved me long enough to know me very well
And if I lied, he'd see it in my eyes
I know my guilt would show and he would know

But I must admit you're someone very special
And it would be so easy to let go
Makin' love to you could be so easy
But if I did, I'm sure that he would know

Yes, he would know, yes, he could tell
For, he has loved me long enough to know me very well

And if I lied, he'd see it in my eyes
I know my guilt would show and he would know

My conscience just won't let me make love to you
I know it would be sweet, but I just can't
When I go home to him I must be able
To look him in the eyes and say I ain't

'Cause he would know, yes, he could tell
For, he has loved me long enough to know me very well
And if I lied, he'd see it in my eyes
I know my guilt would show and he would know
He would know
