Here I sit all alone, thinkin' 'bout
What I should have known
You made me think that I could need you
You weaved your magic spell and I believed you

Lookin' back on you and me
Promises that will never be
I truly thought that we were lovers
But now I find that I'm just like all the others

Heartbreaker, wish that I had seen that love was blind
Sweet little love maker, takin' my heart and leave me
behind
Heartbreaker couldn't you be just a little more kind to
me

Played with fire, felt it's burn
I would have thought that I would have learned
I melted every time you kissed me
Every time you'd leave I thought that you would miss
me

Heartbreaker, wish I had seen that love was blind
Sweet little love maker, takin' my heart and leave me
behind
Heartbreaker couldn't you be a little more kind to me

Heartbreaker, wish I had seen that love was blind
Sweet little love maker, takin' my heart and leave me
behind
Heartbreaker couldn't you be just a little more kind to
me

Heartbreaker, wish I had seen that love was blind
Sweet little love maker, takin' my heart and leave me
behind
Heartbreaker couldn't you be just a little more kind to
me
