I can't quit her  
She got a hold on me  
She got her hand on my soul  
I can't quit her  
'Cause I see her face everywhere I go

In the city streets, in the country field  
In the back of my mind  
I know it can't be real  
For a woman to possess  
All the tenderness she had

But the hands of time  
Keep tickin' on my back  
'Cause it's been so long  
Since I had her back beside me  
Yea, I know

I can't quit her  
'Cause in my darkest night  
Come on like a light  
I can't quite her  
Try as I may, with all my might

She had a woman's touch  
Young girl's eyes  
In seconds flat I was pros'lytized  
Turned around  
And made to feel sweet love

But the hands of time  
Keep tickin' on my back  
'Cause it's been so long  
Since I had her back beside me

True love is somethin' every young boy knows about  
And he fights his whole soul all the best to find some  
I was a young boy till I held her in my arms  
Now I find that I'm strung out behind some

I can't quit her  
She got her hand on me

She got a hold on my soul  
I can't quit her  
'Cause I see her face, everywhere I go  
I can't quit her  
I know, you know I see your face  
Everywhere I go  
I need her, I need the little girl
