(Dolly Parton)

I wish you all the luck I wish you only the best  
Satisfaction in love, and true happiness  
I wish you blue skies and rainbows, I wish you joy pure  
and sweet  
I wish you all that you wish for, but only if you're with  
me  
I hope you're never happy with anybody but me  
I wish you nothin' but trouble if you've decided to leave  
I'm just not like those heroes found in books and on TV  
I hope you're never happy with anybody but me

I have had you too long, I have given too much  
I have loved you too strong to think of giving you up  
I've always envied those lovers that wish you well when  
you leave  
And wish you luck with another; but there are others  
like me

I hope you're never happy with anybody but me  
And every face you look into, I hope you're haunted by  
me  
Yes, I'm possessive and jealous; at least I speak  
honestly  
I hope you're never happy with anybody but me

I'm just not like those heroes found in books and on TV  
I hope you're never happy, never ever ever happy  
Never ever ever happy  
With anybody but me

I hope you're never happy with anybody but me  
I wish you nothin' but trouble if you've decided to leave  
I'm just not like those heroes found in books and on TV  
I hope you're never happy with anybody but me

I hope you're never happy with anybody but me  
I hope you're never happy  
I hope you're never happy with anybody but me  
I hope you're never happy
