(Dolly Parton)

A different lover ev'ry day
Same old book just a diff'rent page
Same old lines in the same old play
I've got to find somebody I can love all the way
I wanna fall in love, someone that I can live with
I wanna fall in love, someone to take and give with
I wanna fall in love, someone I can be real with
I wanna fall in love

I want someone to be just mine
Someone to be with all the time
A real true love is hard to find
And I don't know where I'll find him
But I've got to keep on tryin' cause

I wanna fall in love, if you hear me, listen to me
I wanna fall in love, I'm undone so come and do me
I wanna fall in love, if you got love, give it to me

Love, I wanna fall in love, someone to really need me
I wanna fall in love, someone to really please me
I wanna fall in love, when it hurts, someone to ease me
I wanna fall in love
I wanna fall in love, someone to spend my life with
I wanna fall in love, someone to fuss and fight with
I wanna fall in love, someone to make it right with
I wanna fall in love
