I met a man in Texas and oh he was so fine  
And I said to myself self I'm gonna make him mine  
He owned a lot of oilwells and his bankroll sure was  
healthy  
I knew that if I married him I'd certainly be wealthy  
Oh I'll oilwells love you and I'll oilwells care  
And I'll oilwells need you I'll want you oilwells dear

Well I never had no money not a penny to my name  
And I said I'd find a rich man and I'd love my way to  
fame  
So he took me in his arms I cuddled up real near  
The moneybug still bit me and I whispered in his ear  
Oh I'll oilwells love you...

He looked into my eyes Lord he saw a love light shine  
Little did he know that that light was dollar signs  
Now that we are married there ain't nothin' left to tell  
We'll live happy ever after cause oil is well that ends  
well  
Oh I'll oilwells love you...  
I'll oilwells love you...
