I never knew what this could do  
Seeing another woman with you  
But I can't stay here

'Cause I never would get over you  
Baby, that will never do, ooh, ooh  
Gotta get loose

Somebody take me out of this place  
Keep my eyes from seeing your face  
'Cause you love her, where you once loved me  
Darling, I can't believe it's true, oh no

It's not my affair anymore  
You're not my man to care for  
It's not my affair anymore  
I'll close the door

So many things we left unsaid  
So many questions in my head  
Well, I never lock the back door, ooh

And somehow you keep slipping on in  
Taking me back once again to a memory trail  
Like a shadow from a feeling  
And it just grows, don't I know

It's not my affair anymore  
You're not my man to care for  
It's not my affair anymore

Remember all of the laughter  
Remember, ooh, the morning laughter  
Remember the moonlight, the candlelight, the shady  
light  
Remember, ooh, and it seemed so right

It's not my affair anymore  
You're not my man to care for  
It's not my affair anymore

Remember the moonlight, the candlelight, the shady

light

Remember, ooh, and it seemed so right

It's not my affair anymore

You're not my man to care for

It's not my affair anymore

It's not my affair anymore

It's not my affair anymore

It's not my affair anymore

It's not my affair anymore
