(Porter Wagoner)

Loneliness found me one time too many  
And I cheated ? I cheated on you  
But I'd give my soul now if only I hadn't  
But you see what loneliness can do  
It seems that you're gone so much from me  
And I try to find things to do while you're gone  
But I get so lonesome just staying at home  
And it's hard to enjoy things alone

Loneliness found me just one time too many  
And I cheated - yes, I cheated on you  
But I'd give my life now if only I hadn't  
But you see now what loneliness can do  
Loneliness found me
