As time goes by the tales grow taller  
About possum in Possum Holler

As a young man I'd go a courtin'  
With my sweetheart so young and fair  
Down the mountain to Possum Holler  
That's where he'd always find me waitin' there

Now I tell my mama that I's goin' out walking  
Neath the moonlight so bright and fair  
And I'd tell daddy I was huntin' possum  
And take off a grinnin' and a slickin' down my hair

As time goes by the tales grow taller  
About possum in Possum Holler

Then one evening in Possum Holler  
My sweetheart's daddy stopped all our fun  
Yeah we got married in Possum Holler  
Just you and me my daddy and daddy's gun

As time goes by the tales grow taller  
About possum in Possum Holler

Now when they see a possum hunter  
Young and handsome and a smellin' fair  
We just lean back and bust our laughin'  
Cause we know there ain't no possum there

As time goes by the tales grow taller  
About possum in Possum Holler
