(Dolly Parton)

There must be something fishy going on

You said you were goin' on a fishin' trip with some old friend

You said that you'd be home tonight somewhere around ten

Well here it is, it's two o'clock and you're still not at home

I think there's something fishy goin' on

I think that I'm a sucker that's swallowing your line

I try to make myself believe that it's all in my mind

But you never asked me if I'd like to go along

So there must be something fishy goin' on

There's something fishy goin' on

On these fishin' trips you're goin' on

I'm gettin' tired of stayin' home alone

Some night when you come home and discover that I'm gone

You can bet there's something fishy goin' on

I guess some large-mouth bass left that lipstick on your shirt

I don't think you're a fisherman, honey

I think you're a flirt

Well if you're goin' fishin' then why don't you bring 'em home

I think there's something fishy goin' on

There's something fishy goin' on

On these fishin' trips you're goin' on

I'm gettin' tired of stayin' home alone

Yes, you can bet there's something fishy goin' on
