Watching the long faces  
Riding this rundown track  
And the lost places  
From a dream that never brings them back  
And the sad truth is  
Nothing but a cold hard fact

I'm riding the blue train  
Over the miles yet to cover  
A ghost in a hurry to fade

I'm taking it one way to nowhere  
Afraid you might be there  
To find me inside this blue train

Counting the burned bridges  
Trailing this rusted wreck  
As our back pages  
Scatter in the dust we left  
Like a pearl necklace  
Falling from around my neck

I'm riding the blue train  
Over the miles yet to cover  
A ghost in a hurry to fade

I'm taking it one way to nowhere  
Afraid you might be there  
To find me inside this blue train

Away, down the low road  
A ticket to an empty room  
A rendezvous unknown

I'm riding the blue train  
Over the miles yet to cover  
A ghost in a hurry to fade

And I'm taking it one way to nowhere  
Afraid you might be there  
To find me inside this blue train

I'm riding the blue train  
Over the miles yet to cover  
A ghost in a hurry to fade

I'm taking it one way to nowhere  
Afraid you might be there  
To find me inside this blue train
