Yeah  
And if I died in your arms tonight  
They say just like the Corinthians  
You know  
Paul wrote he said man I die everyday  
Ya know  
Time moving so fast  
Ya know what I'm sayin  
A day on earth like 1000 years in heaven  
Ya know depends on how you livin it's like  
Where you bread at?  
Where your leather?  
You know what I'm saying  
A lot of muthafuckers out here going shoppin  
And I be tellin people about the west side  
And let them know what's goin on over there man  
Spirits man, it's a spiritual thing

[Verse 1:]

How can I make the spirits understand?  
That I am just not to be tested by the outer man  
And everything that we can't comprehend  
It's not a mystery that god drinks champagne moet  
share dawn  
Baby girl sayin that there's imperial  
Watchin the tube, store up the blunt, please don't get it  
confused  
Slurred your speech, love, or follow the rules  
Home of the tomb, shake ya stick, these playa hatas  
don't know shit  
What do you do, when the homeboys try to play you?  
Get some new homeboys, or just ride as a playa?  
When the prayer in the system the Father, teh force  
revolvin  
Any problem, we can solve it  
If we want it, then its ours then  
I say the blessings, manifested from God  
Don't get it twisted, this the Heavenly month  
I see these bitches trying to trick you  
They trickly moving quickly  
And it's moving to the swiftly  
Hehe, man it's cool

[Chorus 1:]

Yeah, what if I died tonight?  
In your arms, in your arms  
What if I died tonight?

It's all good, it's all hood  
Oh baby, it's on  
Fo sho  
Yeah  
You know what it is  
One time for your mind, pimpin

[Verse 2:]

All good, all hood, aw baby it's on  
You don't have to worry about your title  
It's vital beyond the bone  
Believe in the one  
In the name of the Father the Son and the Holy Spirit  
Baby we must confess with our tongues  
Play it to give it  
I think we fit to havin some fun  
Load up some funs, get a cab and baby, fuck those  
guns

[Chorus 2:]

Yeah, what if I died?  
What if I died in your arms tonight?  
It's like Paul said, man, I die every day, man  
See, it's like a day on Earth is like a thousand years in  
Heaven (you know what I'm sayin)  
What if I died tonight?  
What if I

[Verse 3:]

I really don't know what you want me to say  
I really don't know what you want me to do  
But just get away from here, and only the Lord can  
guide me  
Okay, you don't want me to stay and I can't wait  
They say don't turn around cause again, you know what  
it is  
Get away from here  
Heh heh heh heh  
And only the Lord can guide me, can I tell you all?  
Do they keep throwin up twos, I will never understand  
why they do what they do  
Go tell em they need to get the freedom from the  
normal evil world and take the time without wilin out  
and of course they gotta watch out when they cast they  
pearls

That's because I love you  
You know that I'm not gonna hurt you  
All in, you're never alone  
One true soldier  
Until the story's over  
Crossroads, cross toes, hit em with a cross bow  
Remember baby it's on  
And that's because I love you

[Chorus 3:]

What if I died in your arms tonight?  
What if I died in your arms tonight?  
Yeah What if I, what if I, what if I?

[Talking:]

Stay out the window man  
With them X's and those Y's and the chromosomes  
Real choose, real game for you muthafuckas  
Holla back  
You know how we do it  
They say like a day on earth is like a thousand years in  
heaven  
Is your grill leveled?  
Yeah  
What if I died  
What if I, what if I, what if I, what if I  
Stay out that window  
Man I'm telling you baby, come up out that tree, don't  
even trip  
Don't even ask no questions  
That's what it is, that question mark  
You know what I'm saying, that unknown  
Man that's where they shit comes in  
And that shit start getting broken down into the fullest  
Ya know what it is  
Representatives  
We have an aide, we have a path  
We have a road that we have taken with this music  
With this movement  
One true god and we will never betray that  
In the name of the father the son and the holy spirit  
amen  
If you don't stand for something  
Ya ass will fall for anything  
Holla back

What if I

Haha I told you quit askin that question man...
