While i was walkin in tha column, and all
help the medicine go down
heavenly fatha dont be made at us now
its been ah long way commin
and we dont plan on goin back
head to tha ground
head to tha ground
(repeat chorus 4x)
and through the cymetary gins
and talkin like they my friends
i dont worry about death
'cause i dont know whats happenin wit my kids
I neva pray God for the ends
not as much as i spend
nor do i depends
livin and sinnin dennin
ready to burn tha bridge
and I wish this drama drama
all would cease
by walkin tha streets
do without my heat heat
lookin at my feet
and the only time of peace
wuz when we got high
i know you got urs
thats why i got mine got mine big bitch
my nigga nine went ta jail 4 it
anotha nigga lost
but shoulda be woulda been betta off
i dont know tha ansas
and see we chance off
somebody takes a stand jaw
satan got ah plan yall
but man gotta follow
see most of my friends is hollow
and i pray for em
and i say for em
lord thank you(live my life)
that im half way home
goin on and on
help tha medicine go down(2x)

Rest n peace
(chorus 2x)
walkn talkin ta God
Prayn for forgivness
and see i say for this
cause i pray 4 this
instead i get laid down ta tha pavement
by tha same niggaz that wuz listenin ta what im was
sayin
stay sadated heavely stressed out (thug(5x)
i need ah vacation
go ta tha schools and help lil kids eduacation
let all of the hata hata hata hatas
some of the old folks
cant stand it
betta make way
here comes that new generation
heaven'l make us
hope yall dont be choken hatred
lets face it
sum niggas i know
reminds me of them multi races
if i aint say it
sumbody else woulda said it

say we all shall overcome
come all
God gon make tha laws
(chorus 2x)
(Layzi bone)
