[Chorus]

Don't try to hustle me  
Better getcha dolla dolla  
Better getcha paper, man  
Don't try ta hustle meh  
I ain't no dummy, man

Gonna getcha..  
Gonna getcha..  
Gonna getcha..

[Verse 1]

My inspiration enlights this vision, smokin this purple  
This sticky icky is the medicine that it didn't on  
commercials  
The cyclical nature of niggaz gotten me by this oracle  
Documented for planted a wagon  
Draggin historical like morbital, suspended in space  
Rappin in circles  
We ain't winnin but we is as crazy as fuck  
Upclose and personal, preminitions of the gloriest  
Dated, we'll be victorious, so many different choices  
These fake niggaz is poisonous  
Damn I need ta kill the noises  
Heaven's gonna rolls Royces  
But the Posse is just so boisterous  
And noises only the poisonous  
Hollywood couples swingin' and the people you won't  
believe  
got woman that are weedin with women  
And Adam is sleeping with Steve  
It's complicated to me  
If it's complicated to see and it's complicated to love  
Then it's complicated to be, and if it's complicated to  
be  
And they confiscated the key  
when coke down in Columbia only costs you a 'G'  
cocksuckers..

[Chorus]

[Verse 2]

Outta the Seven Sector conservativity regime

Where the Panthers they don't have knowledge they  
needed to fully achieve  
The prophet, he is giving me structures for  
Armageddon 'cause it's coming  
The Seven Signers are beside me, be runnin to the war-  
drummin  
The general was fully commmitted, without a reason  
they want me to preach the love  
Are you crazy?  
It's killin season, I'm bleedin all over the speaker  
My spirit is gettin much stronger  
Look, the enemy is gettin much weaker  
It's Bizzy the Kid, thats demonic  
Revelations and horses, Double-X-Lin' the sources,  
Battlin the darker forces  
They assinated my leader  
And Lil Capo we need to kill in harmony from heaven  
Seven automatic weapons

[Chorus]
