"What Are We Seeing"

Tell me what we are seeing, tell me what we are seeing
- and

[Chorus: Bizzy Bone]

Tell me what we are seeing, have my head on a silver
platter

Cause I can read yo' mind, I feel that chit-chatter

The batter up, baby we on deck

In the name of the Father, the Son and the Holy Spirit
oh yes

What are we seeing, have my head on a silver platter

Cause I can read yo' mind, I feel that chit-chatter

The batter up, baby we on deck

In the name of the Father, the Son and the Holy Spirit
oh yes

(Amen, amen, amen) Had a girl named shhh, she was
movin a sssss

I was pullin a oooh, she was movin a whoo!

Did it up in the mmm, player the do-do

Call her my boo-boo, baby I'm so true

[Bizzy Bone]

Mashed and fucked up, smashed the brrrrap

Nananana now, what do they want goin down

Knocked out I smile, all the while stay wild

Little child from the Nile, still a juvenile

And you know you love my motherfuckin style

I'd rather be alone then be a little {?} now

The crowd in a frenzy, the envious around

Before I pass out, I'm so profound (I don't fuck around)

[Chorus]

[Bizzy Bone]

Give me the bump bump, baby let's get crunk

I run up in your spot, and fuck it up, you know

And you know it's how I feel, baby it's really real

Don't try to change my words, you know that this how I
feel

And every need worked out, every need will kneel

Tell him to shut his fuckin mouth, the don is in the field
God is the greatest, Jesus Christ I rise
Against the wicked demons of Cleveland, the Lord up
top

[Chorus]

[Bizzy Bone]

Bring in it to the front, I don't mean to be blunt
I don't mean to be crass, I don't mean to be brass
I don't mean to beat ass, I don't mean to be fast
I don't mean to be last, and I don't mean to be a mess
Spontaneous, in the best way
Search for the heart, in a test way
This is the real deal Holyfield, baby feel, keep it real
How do you feel, how do I feel, precious metal of steel
One time
