It's a place where the skies are blue
Not a cloud cloud in the sky to speak of
Everyone's swimming in the surf
And palm trees line the streets you walk on

Showing off your brand new fan says
Bleach blond hottie get their ditches
And walking down the Walk of Fame 'cause
Sunset Strip's where you do your business

Meet me in California
Where you can have it all, yeah
We'll be in California
The sun is shining bright
And well it starts tonight

Yeah, yeah, tonight
Can I give it a try

Going swimming in your pool, yeah
The view from the Hills is so so gorgeous
Everyone's got their brand new boards for
Day and night they walk the carpet

Meet me in California
Where you can have it all, yeah
We'll be in California
The sun is shining bright
And well it starts tonight

Yeah, yeah, tonight
Can I give it a try

Where anybody, loves everybody
And everybody, hates on nobody
Where anybody can become, come, come somebody

Yeah, you've got California dreams where
Your souls so free to do whatever
It's like totally what it seems
Coz the west is best, always forever

Meet me in California
Where you can have it all, yeah
We'll be in California
The sun is shining bright
And well it starts tonight

Yeah, yeah, tonight
Can I give it a try

Yeah, you've got California dreams
Coz the west is best, always forever
