I saw you in the corner of my eye  
You know you're tick-l-ing my insides  
And though it caught me, caught me by surprise  
I gotta work and touchÂ ?

Led me on for far too long now it's gone and go then  
It's holding back fear

Let me answer were it's from  
?

So let's be in love  
In the bedroom, let's go boom boom  
Ride in the car, let's be in love  
Every hour, on the hour  
Under the stars till the sun comes up

Your eyes are burning  
You wanna smell me  
Counting on broken times a million  
Something's different about the senses  
I need to know if you are willing

Let me answer where it's from  
?

So let's be in love  
In the bedroom, let's go boom boom  
Ride in the car, let's be in love  
Every hour, on the hour  
I wanted more till the sun comes up

Till the sun comes up  
Till the sun comes up  
Till the sun comes up

Let's be in love  
On a doorstep  
In a fortress  
On a lakeside  
In a cornfield  
In the subway

What would you say  
If I asked ...

Let's be in love  
In the bedroom, let's go boom boom  
Ride in the car, let's be in love  
Every hour, on the hour  
Under the stars till the sun comes up

Till the sun comes up  
Till the sun comes up

Let's be in love
