Oh just try to scream along
This is not rock & roll
It's rock control

Uh oh uh oh uh oh oh oh
Uh oh oh oh oh oh

Look to your left and to your right
and find someone to hold
That's just what we like to do
Right before we lose control

Make like you're so fascinated
Like it's gonna blow
Like your brain is caffeinated
Totally implode

Oh just try to scream along
This is not rock & roll
It's rock control

Uh oh uh oh uh oh oh oh
Uh oh oh oh oh oh

Give it up, give it up, that's right
Cause there's no use holding in
Take turns pushing back and forth
Lose control and sink right in

Feel the pulsing of the bodies
Breathe in all that sweat
You wanted something you could feel
That's what you're gonna get

Oh just try to scream along
This is not rock & roll
It's rock control

Oh, oh, oh...

What you've got, you've got on leashes

What you've got, come on release us

Oh just try to scream along
This is not rock & roll
It's rock control
