Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't, I don't, I don't...

Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't wanna know, I don't

Kind of getting hot in here  
Is it me or you my dear  
Oh let's stop and make things clear  
It's not you, not you I'm wanting

Make some muffled promises  
Not what I meant, what I care to do  
It's not with you

With your "make out" moves and your planned attack  
You think you're smooth with your hand on my back  
You're crazy if you think I'm gonna fall for that

Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't, I don't, I don't...

Missile shot, your missile down  
How was I supposed to know  
I downed my last shot of Ol' Crow  
Oh these lips, these lips are taunting

No choice, no alternative  
He knows that I'm not, I'm not impressed with you  
Expensive you

With your "make out" moves and your planned attack  
You think you're smooth with your hand on my back  
You're crazy if you think I'm gonna fall for that

Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't wanna know,  
I don't wanna know what your kisses taste like

Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't, I don't, I don't...

You want it, don't want it  
Don't want it, don't want it  
You're crazy if you think I'm gonna fall for that

Some girls will, some girls wanna  
Some girls might and some girls are gonna  
But I don't wanna know,  
I don't wanna know what your kisses taste like

I don't wanna know what your kisses taste like  
I don't wanna know what your kisses taste like  
I don't wanna know what your kisses taste like
