In my tummy tum tum
Makes me go yum yum yummy yeah
You're my favorite dum dum
Make me go yum yum yummy yeah

I wanna take you home
And put you into my car
You wanna follow me home
But that's not ever

All that I'm wanting
All that I'm wanting
All that I'm wanting
More! More! More!

All that I'm wanting
All that I'm wanting
All that I'm wanting
Eat you spit you out

Sailing with the numb one
Makes me go yum yum yummy yeah
Gonna take the young one (who)
Makes me go yum yum yummy yeah

I want it, I want it, I want it
I want it, I want it, I want it
More! More! More!

It's the sugar fun gun
Makes me go yum yum yummy yeah
Gonna take the dum dum
Makes me go yum yum

But that's not ever
All That I'm wanting

Eat you spit you
Eat you spit you out
