Life, it's a wonderful ride, it's a difficult ride
An unpredictable ride
Trying to find what you are searching for

But I'm feeling all right at the end of the night
At the end of the night
Still I haven't found what I'm searching for

You're older now and there is a lot that you're not privy
to
You're older now and you're feeling blue
You're older now and there is a lot that you're not ready
for
You're older now and you're feeling sore

Tonight, it's a beautiful night, it's a wonderful night
An unpredictable night
The pale moon is full, can you feel the magnetic pull?

And I'm feeling alright, it's not the end of the night
It's not the end of the night
Now you've taken me in, you've gotten under my skin

You're older now and there is a lot that you're not privy
to
You're older now and you're feeling blue
You're older now and there is a lot that you're not ready
for
You're older now and you're feeling sore

Have you found what you're searching for?
Have you found what you're searching for?
Have you found what you're searching?
What are you searching for?

Fly through, fly through life
Fly through, fly through life

You're older now and there is a lot that you're not privy
to
You're older now and you're feeling blue
You're older now and there is a lot that you're not ready

for
You're older now and you're feeling sore
