Please be strong, carry on  
Come whatever may  
In the dark, in the dark  
Never be afraid

Cause once in a lifetime  
The young ones fly away  
Only once in a lifetime  
Young ones fly away

I will stay here

Forever and ever, I will be around  
Forever and ever, I will be the ground  
That you walk on

Uuh...

If you fall, if you fall  
I will be beside you  
If you call at all  
I'll be there to guide you

There's something between us  
Words can never say  
And only once in a lifetime  
Young ones fly away.

I will stay here

Forever and ever, I will be around  
Forever and ever, I will be the ground  
That you walk on

Uuh...
