If I could do it all over again
Girl I would be the way I was then
I would walk away
Girl I wouldn't stay
Going through all this pain
If I had seen Girl what I see now
I'm sure my life wouldn't be this way
with so much pain and sorrow
That I hold deep inside
Theres night i wake
That I wish that things would be a different way
but I know that you know, thats its over now.

Its over now
Theres no reason to go on (Its over now)
Theres no reason to live life (Its over now)
Everything that we had together baby its over now (Its
over now)
Its over now
Theres no reason to go on (Its over now)
Theres no reason to live life (Its over now)
Everything that we had together baby its over now (Its
over now)

Was there a reason to end love this way
or was it a part of live like some people say
or just a past time that we all go through
in our live in our time
I know it should have never been this way
our love ended in such a bad way
only god knows what my heart went through
when i was with you
theres time i feel you deep in my heart
but i know that its not true
cause i know that you know its over now.

Its over now
Theres no reason to go on (Its over now)
Theres no reason to live life (Its over now)
Everything that we had together baby its over now (Its
over now)
Its over now

Theres no reason to go on (Its over now)
Theres no reason to live life (Its over now)
Everything that we had together baby its over now (Its
over now)
