24 hours a day, I'm in my head
24 hours a day, I'm in my head
Do you? I don't think so
Have you ever thought? Only once but
I was just a boy - God said no and
Do I have the faith to keep it going

Chorus

Everything is happening at one time
Twisting turning, swarm of nothing oh my

24 hours a day, I'm in my head
24 hours a day, I'm in my head
Demons, getting stronger
Dealing with the mess, just a little longer
Falling to my knees in desperation
Will I found piece in incantation?

Chorus
