[I. A Moment Frozen In Time]

When I long for the truth  
When I search for my youth  
That's when I call out your name, inside myself  
Deep inside I know there's something to re-live

Day after day, life can be so hard  
I need the strength to carry on  
That's when I wait for you to come back  
and turn wrong to right  
With a word I'll be setting my spirit free  
With a word I'll be where I am meant to be  
And so I await for you to come back  
Yes, I await for the spirit to rise

Rise! Rise!

When I long for the truth  
When I search for my youth  
That's when I call out your name, inside myself  
Deep inside I know there's something to re-live

Day after day, life can be so hard  
I need the strength to carry on  
That's when I wait for you to come back and turn wrong  
to right  
With a word I'll be setting my spirit free  
With a word I'll be setting my spirit free  
With a word I'll be where I am meant to be  
With a word I'll be where I am meant to be

[chorus]

Ancient Spirit will rise, right from my soul  
Ancient Spirit will rise, and sound a heavy tone  
Ancient Spirit will rise, from inside of me  
Ancient Spirit will rise, he will set me free

Ancient Spirit will rise, Ancient Spirit will rise

[II. The Future Memories of a Glorious Past]

There was a time was sang of battles won  
Of golden kingdoms, shining diamonds and pearls  
Then suddenly all of these treasures turned to dust  
Leaders of men bargain the glory of our past

And I can't explain the things I begged and borrowed  
Now in front of me there's just a stale tomorrow

Domains were glittering like suns on windy seas  
Amazing castles where the talent could be free  
But now the same old games are blackening the sun  
True art is buried by an army of one-track minds

And I can't explain the things I begged and borrowed  
And I don't want to live in a world so full of sorrow  
A world with no tomorrow  
A world so full of sorrow  
A world without tomorrow

[chorus]

Ancient Spirit will rise, right from my soul  
Ancient Spirit will rise, and sound a heavy tone  
Ancient Spirit will rise, from inside of me  
Ancient Spirit will rise, he will set me free

Ancient Spirit will rise  
my Ancient Spirit will guide me right, to the end of time  
And I wait for this moment to come for all my life  
My Ancient Spirit will rise
