Just tell me 'bout hate and love  
Am I talking to stupid worms?  
I have found a magnificent trove  
There is no sleep, we're dead by dawn

I see the pain day after day  
The politicians are free to kill  
And on the earth evil is the way  
I tell about the devil's will

Open your mind, pray for tomorrow  
Here comes the night, the endless streams of blood  
I see the judgement day in sorrow  
The end is near. I hear the scream of god

The Darkness of Bright Life  
No shadows and no light  
The Darkness of Bright Life  
In emptiness you'll die

Around the seeds of devil's lie  
Infernal demons are trying to be good  
They will all fucking die!  
This war will end what will we do?
