"The Freedom Flight"

Running through an endless maze
trapped in a barren land
blind and doomed to disappear
never to be seen again
Nothing left as an epitaph
silent our final scream
too proud to beg, too strong to die
oblivion is our destiny

Of glorious dreams
of great warriors
just ruins remain
we felt the pain
we spilled our blood
wounds that time can't heal

We challenge fate
we won't surrender
against the circle of time
like children stranded in a
lonely place
the seed of revenge are sown

[chorus]
And though we know well
never be free
the season is here
our time has come
our wings of steel will rip the sky

and time will stand still
as we take
the freedom flight

He who shall not lose his faith
he will pass through the
wall of fire
forever to be reborn
too late to be stopped

The rusty chains that kept
us bound

are now fallen to the ground
free at last strong again
free to spread our wings and fly

Strong against the winds of hate
in a blaze of glory we fly
we'll succeed where the mighty
has fallen
oh Gods guide our hands

The tomb is empty
triumph is calling
destiny has failed
we'll reach the sun in a rush
of power
we will never come back

[chorus]
