Cutting wind, Reign of terror  
Collapse of ministries, Rome's destined to fall  
Opened gateway to the inevitable Never,  
May your dreams come true behind this door

The greatest creatures - wretched worms...  
When Reality ends under insanity crust,  
It turned holy water in acid, into solid stone,  
Tired creators breath in disgust

I know what no one knows  
I can see what no one sees

Voices of prophets of past ages  
Spin around in wild orgies of storm  
Dead cities turn into coffins and cages  
For those who perished, for those who alive, for  
stillborns

Devoured by yourselves, choked with tears  
Under the blackened, weeping skies  
Giants are brought to their knees, await mesmerised...  
The fatal defeat in the glimmer of the dead  
Children's eyes

Never again  
A gleam of hope will flow to sunrise  
Our souls will never escape from this poisoned  
paradise  
Never again  
Shadows fall,  
We're echoes in the endless  
Lifeless dreams of everlasting silence  
In every soul

Exodus from pitfalls at the dawn of mankind  
Will scatter ashes of erased human race  
The souls are gathered on the way to the other side  
It has opened the jaws. Welcome to blazes  
With no more reincarnations  
Reaching an abyss, deep and foul  
Inhale the suffering of soulless bodies invasion

As neither being born nor being destroyed

Repeat chorus
