So sad the story like a dream  
Millions of voices suddenly turned to steam

The final battle has begun  
A wanton war that won't be won  
Mothers clutch their wailing child  
The fig tree burns; their tiny cries can't be calmed

Raining fire from the sky  
Arrows that hold the power of the sun  
Like ants they scramble for their homes  
The fragile walls cannot keep out the storm

Raging waters wash all hope away  
All can hear a sound  
Like oceans crashing down

Whenever the wind blows for 7 years  
Nothing can grow, everything dies  
Littering roads with still glowing bones  
Find one, you'd better leave it alone

Great cities fall one by one  
All Leaders call "Johnny get your gun"!  
The little man takes the world stage  
Still denying his deployment of the rage

The Snake snorts, spouting lies  
The Eagle descends and plucks out his eyes  
Overnight the world is changed  
A viscous vengeance in the false prophets name

Fires light the sky  
For all to see  
One thousand years of peace  
A naive fantasy

Radioactive the seven seas  
Poison will flow, and ebb with the tide  
Disrupted food chains all that is needed for life to survive  
Gone in the blink of an eye

The King of Terror... the Anti-Christ  
We must destroy him... join the fight  
His hand 200 million strong  
Descends upon you. Join the fight  
Send the children... your tender young  
Sacrifice them... join the fight

200 million, marching... join the fight  
Women, children, crying... join the fight  
Hopeless Heroes, dying... join the fight  
The snake is snorting, lying... join the fight
