"Behind You"

Visit "[Behind You](#)" on MotoLyrics.com

I met my love
When I was just a little woman
When I was looking for my prince in your
Blue eyes

When you were over there
And I was over there I saw your eyes get cold
As ice
When I pick up the phone could be just on your
Call and that's why
I'll be allways

Behind you beyond me
Even if you don't want to love me
Behind you you'll find me
Till the end of time behind you

I don't know what you left this heart
Of mine in trouble
Believe me when I tell you
(I) wanna take my blame
