Don't touch the rain without a raincoat

Now what's up with my homies out there?
Bitches straight carryin' diseases and you don't seem
to care
Don't control yourself, yeah, that's what y'all do
Wantin' more cat than my muthafuckin' dogs do

And my dogs want cat like a cat shelter, all in heat
For that piece of meat, I guess it's normal but this is
drastic
Niggas are too damned cheap to buy the rubber that's
in the plastic
With the Trojan man sittin' on the box

Here's a joke, they're made for you fertile ass folks
'Cause when you're unprotected and you nut
Nine months later got a gut bout to bust
And you're bitin' your fingernails 'cause you can't take
care of it
That's why I'm makin' you aware of it so I'm tellin' you
chumps now
You better wack it or buy the jacket in a package

This might seem like a scapegoat
But Domino just wants to let the homies know
When you're thinkin' about diggin' with a deep stroke
Don't touch the rain without a raincoat

Now where your minds at homies? 'Cause the old days
have passed
You need a lot more than a shot in your ass
To cure this shit of today, like gano, syphilis
And that crazy ass murderer, A I D, to the S, take a
guess
And with a bare dick and you might take a rest called
forever

'Cause there's no cure for the bitch now you, now you
out quick
'Cause you thought with your dick but uh, who's to
blame?

Say your name and I hope it felt good the last time that
you came
'Cause bare dicks and clits don't mix unless you're
married

And nowadays even that shits hit
'Cause a bitch got a thing about fillin' that hole
So they good for the whole stroll
And she'll fuck your best friend with the quickness
So grab a five spot and buy some business

This might seem like a scapegoat
But Domino just wants to let the homies know
When you're thinkin' about diggin' with a deep stroke
Don't touch the rain without a raincoat

This might seem like a scapegoat
But Domino just wants to let the homies know
When you're thinkin' about diggin' with a deep stroke
Don't touch the rain without a raincoat

Trick or treat but it ain't Halloween
Talkin' about kitty kat if you know what I mean
And all you brothers that's thinkin' that you free from it
You better start peepin' it before you eatin' it

I know raincoats are cheap and might bust G
But soon as it pops, stop killin' them guts please
Just because it might feel good, don't mean it's real
good
Catch a disease, you'll be lucky if you heal good

And watch hoochies 'cause they seem
To let you get 'em pregnant just to tie your ass in
And remember when you met her you was a big
spender
Now she takin' money out your ass like a vendin'
machine

And this is because she had a little child
And now you so stressed out, you wanna jump in the
Nile
But, if you're careless and can't cope here's a term
Throw on a raincoat or keep your sperm in your worm

This might seem like a scapegoat
But Domino just wants to let the homies know
When you're thinkin' about diggin' with a deep stroke
Don't touch the rain without a raincoat

This might seem like a scapegoat

But Domino just wants to let the homies know
When you're thinkin' about diggin' with a deep stroke
Don't touch the rain without a raincoat
