A taste of tears in horror colour  
Now blind I search the sand  
My growing voice now become  
Sorrow of life they say

Colour of death  
Blind I search the sand

Day filled with dark of endless search  
Of something I don't know  
The wind now guide me to the place  
Sorrow of life they say

Colour of death  
Blind I search the sand

The grief in my head now form a maze  
Of voices who cry all in pain

A taste of tears in horror colour  
Now blind I search the sand  
My growing voice now become  
Sorrow of life they say

Colour of death  
Blind I search the sand

Day filled with dark of endless search  
Of something I don't know  
The wind now guide me to the place  
Sorrow of life they say

Colour of death  
Blind I search the sand

The grief in my head now form a maze  
Of voices who cry all in pain

Deep in the dark sorrow scars  
I dwell my colour life  
Possessed by a vision of twilight  
A journey through a colour world

In endless search  
But still in fear I laugh groundless

Sidereal path, leave me to a lake of sand  
Sinking into a never seen colour land  
Confusion fears my mind  
My soul appear
