[CHAPTER FIVE]

Survival was my only friend  
To give life a chance was bigger than ever  
So I went with fate

A gate of frozen tears in thorns  
Marks the path to my sorrow  
A soul-damnation created by witchcraft songs

[The Crystal Demon]  
Do not let your eye betray  
Cause what you will find is full of magic  
Of a kind

What I saw in that grave  
Was the most beautiful Dancing Queen  
Like the day with tears in black  
She was all dressed in red

Survival was my only friend  
To give life a chance was bigger than ever  
So I went with fate

A gate of frozen tears in thorns  
Marks the path to my sorrow  
A soul-damnation created by witchcraft songs
