[CHAPTER THREE]

I wear now her ashes as a chain  
With 9 words of a spell  
I wear now her ashes

In these woods alone  
I went out to meet the Burning Maid  
I went alone  
But soon to guide a wolf will take its place

I wear now her ashes in this chain  
With 9 words of a spell  
I wear now her ashes

As I walked  
The Burning Maid came out from the dark  
Her eyes were sharp  
As I slabbed her down to the ground

[The Burning Maid]  
Oh my soul has finally come to an end  
Use the 9 words in your chain

I wear now her ashes in this chain
