Voodoo me, curse me, haunt me, fuck me  
Scratch your name with poison claws tonight  
Do your rhyme, nightmare time, blackened sky,  
bewitch me  
Still I fear no creature of your kind

Never have I seen your eyes or face  
So no respect for you, you dirty bitch

Speak my tongue, walk my legs, beat up my heart  
You're eager to possess me goes too far  
Mambo painter, symbols on the ground  
We've powder pictures to attract

Never have I seen your eyes or face  
So no respect for you, you dirty bitch

This game goes years back and now you return  
Face me black witch  
You took a piece of my soul  
To create the perfect beast

Bosou koblamin gidigidi  
No loa, am I to invoke your dreams  
Diabolo (Boson) Ago-si Ago-la  
Still you think I'm loa with the fucking hat

Never have I seen your eyes or face  
So no respect for you, you dirty bitch

This game goes years back and now you return  
Face me black witch  
You took a piece of my soul  
To create the perfect beast

In 1798 I promised you evilness  
I gave you half of my soul for the fucking beast  
The remnant of my soul, you'll never get, I'll behold  
The face that wouldn't show

Never have I seen your eyes or face  
So no respect for you, you dirty bitch

This game goes years back and now you return  
Face me black witch  
You took a piece of my soul  
To create the perfect beast
