Do you remember when  
Your little dog died  
And upon my shoulder, you cried

The memories of the times I lied  
But you came and forgave me

Now I know your heart  
Is weary and sad  
But things aren't always  
Gonna be so bad

And we'll get by  
Just wait and see  
We'll push it to the top  
Until

We can make it happy  
If you want it to be  
Happy, you and me

Happy, you and me  
(Happy, you and me)  
Just happy and me

Girl far away from home  
Without a soul to call your own  
Lonely dreams that fill each night  
A darkened room without new light

And then your lonely eyes  
Were looking up at me  
That's when I called you  
My happy

And we'll get by  
Just wait and see  
We'll push it to the top  
Until

We can make it happy  
If you want it to be

Happy, you and me

Happy, you and me  
(Happy, you and me)  
Just happy and me

Happy and me  
Happy and me  
Happy and me
