You've got yourself in a fine mess there
Charlene
You're either absolutely mad or you are joking
Charlene

Charlene I'm crying so close to you darling
We're naked and laughing
You shine on my battery charlene
Charlene, charlene, charlene ...

I have always adored your witty mouth
Charlene
Now would you please be very, very rude to them
Charlene

Charlene I'm crying so close to you darling
We're naked and laughing
You shine on my battery charlene

Let me get you out of that lady
Charlene
Your dress is red and oh so slippery
Charlene

I guess I have to dry you
Dress you and comb you
You're already late
I'll sort you out

Charlene I'm crying so close to you darling
We're naked and laughing
You shine on my battery charlene

Charlene, charlene, charlene....
